

SUMMARY

Computer Science student with knowledge of Data Analytics, Machine Learning, and Web Development. Experienced in Python, SQL, MySQL, Power BI, HTML, CSS, and JavaScript. Skilled in data analysis, dashboard development, database design, data preprocessing, and basic machine learning model development. Familiar with Git/GitHub and committed to continuous learning and applying technical skills to solve real-world business problems.

EXPERIENCE

- Data Analytics & Machine Learning Intern** Bengaluru, India 2026
[Merida Tech Minds] | Python, SQL, Power BI, Machine Learning, Data Analysis
 - Performed **data cleaning**, preprocessing, and analysis on structured datasets using **Python** and **SQL**.
 - Developed interactive **Power BI dashboards** to visualize KPIs, business metrics, and analytical insights.
 - Applied **Machine Learning** techniques for predictive analysis and model evaluation on real-world datasets.
 - Conducted exploratory data analysis (EDA) to identify trends, patterns, and actionable business insights.
- Web Development Intern** Madurai, Tamil Nadu 2025
RSun Technology | HTML, CSS, JavaScript, Web Development
 - Developed responsive and user-friendly web pages using **HTML**, **CSS**, and **JavaScript**.
 - Assisted in designing and implementing interactive website components to enhance user experience.
 - Collaborated with the development team in testing, debugging, and optimizing web applications.
 - Gained hands-on experience in frontend development, project deployment, and software development workflows.

PROJECTS

- AI-Powered Interview Preparation System**
Stack: Python, Machine Learning, NLP
 - Built an AI-based platform that generates interview questions and provides personalized feedback using Machine Learning techniques.
- CRM Sales Analytics Dashboard**
Stack: Power BI, SQL, Excel
 - Developed an interactive dashboard to analyze sales performance, customer behavior, and key business KPIs.
- Personal Portfolio Website** GitHub
Stack: HTML, CSS, JavaScript
 - Designed and deployed a responsive portfolio website showcasing projects, skills, and achievements.
- Python Applications (Snake Game & Calculator)** GitHub
Stack: Python, Pygame, Tkinter
 - Built desktop applications including a Snake Game and Calculator to demonstrate GUI development and Python programming concepts.

TECHNICAL SKILLS

- Programming:** Python, SQL, Java, JavaScript
- Data Analytics:** Power BI, Pandas, NumPy, Data Cleaning, Data Visualization
- Machine Learning:** Scikit-Learn, Model Building, Data Preprocessing
- Web Development:** HTML, CSS, JavaScript, FastAPI
- Databases & Tools:** MySQL, Git, GitHub

EDUCATION

- Velammal College of Engineering and Technology** Madurai, India 2024 – 2028
Bachelor of Technology – Computer Science and Engineering — CGPA: 7.98
 - Relevant Coursework: Data Structures, Database Management Systems, Operating Systems, Computer Networks

CERTIFICATIONS

- Java Basics** – Udemy
- Web Development Internship Certificate** – RSun Technology
- Data Analytics & Machine Learning Internship Certificate** – Merida Tech Minds
